

# ELEVATE

## 2018 Annual Report

### 2018 Timeline

**February**

Our men's program went to Daytona, Florida and worked at the Daytona 500. Work trips like these help bring revenue in for the program.

We purchased another triplex in Beatty Downs and renovations took place. Adding another triplex has enabled us to serve more people and expand programming.

**August**

After months of preparation, the women's residential program was launched. With the same mission as the men's residential program, our desire is to help women experience reconciliation to God, themselves, and others.

Held inaugural graduation at our 2nd Annual (re)New Hope Banquet. We had the privilege of celebrating two men who completed the men's residential program.

**June**

After months of preparation, the women's residential program was launched. With the same mission as the men's residential program, our desire is to help women experience reconciliation to God, themselves, and others.

**September**

We had the opportunity to Christmas carol at local businesses, homeless shelters, assisted livings, and churches, sharing the Christmas story and information about our program.

**December**

Dear Ministry Partners,

You made 2018 another monumental year. Thank you! During the past year we were thrilled to impact the community through summer camps, basketball camps, and a community garden.

In 2018 we saw tremendous growth in Reconciliation Ministries. Not only did you help us purchase and renovate another triplex for our men's program, but your support and generosity enabled us to open a women's residential program. Through these programs God worked in miraculous ways. We saw men regain custody of their children, we saw relationships with family members reconciled, we saw radical commitments to follow the Lord, and we celebrated our inaugural graduation with two graduates.

Thank you for giving sacrificially of your time, talents, and resources to help the miraculous happen. You not only make an impact on the men and women in our program, but on their children, family members, and even future generations.

We look forward to the exciting plans God has in store for us and the countless lives we will have the privilege of impacting through the Good News in 2019.

Sincerely,

Ashley Miller  
Executive  
Director

After years of suffering with depression, anxiety, and multiple suicide attempts, I developed a severe addiction to alcohol. I was in and out of rehab and hospitals and I had several near-death experiences. Eventually I landed in jail and began to look for somewhere to go for help. That's when I found Reconciliation Ministries. Since coming to RMI I have renewed my relationship with Jesus Christ and he has saved my relationship with my daughter and my mother. Going

forward I hope to grow in my newly restored faith. As the ministry grows, I hope to be able to help other women that are suffering from addiction and life's many challenges.

- Cyndi J.

For 15 years of my life I used every type of drug I could. I lost my kids, I was homeless, in between marriage, and I was overwhelmed by the feeling of hopelessness. Then I found Reconciliation Ministries. I have freedom and unspeakable joy due to a change from Jesus Christ. My kids are being restored back to me. I'm looking to complete the program in the near future and I desire to serve the Lord and

go to seminary school. I love Romans 8:38-39 which states, "For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord."

- Robert G.

Recently renovated triplexes for our men's residential program.

Thanks to your generosity, the residents were able to shop for Christmas presents for their kids.
