

# The RM Update

October 2019

## (re)New Hope Banquet--A Time for Celebrations

Thursday, September 26 was an evening of celebrations at RM's 3rd Annual (re)New Hope Banquet--and there was much to celebrate. RM students worked hard to complete coursework within the various contract levels.

We recognized Mike E. and Maurice B. for both completing Contract 1. We also celebrated with Chris M. and John H. for completing Contracts 2 and 3, respectfully.

Robert G. had several reasons to celebrate. He officially completed all 5 Contracts in the RM program, and in the process, God provided the opportunity for Robert to be reconciled with his family and children with hopes of regaining full custody. What an answer to prayer!

## The Moving Trucks Arrived!

September continued to bring cause for celebration--RM received the official Certificate of Occupancy, and the Women's Program has officially moved in!

So many organizations and individuals shared their time and talents to get this home completed. The result is a beautiful home ready for women to come live and have their lives transformed and healed by the power of Jesus Christ.

## Don't Forget to Get Your Brick!

If you'd like to contribute to our women's home, please consider designing and purchasing a brick. Bricks can be purchased as an honorarium, to show support for a loved one, or for a variety of other purposes. These bricks will be laid to create a walkway and outdoor patio area for the Women's Program. You can purchase a brick online at [www.bricksrus.com/donorsite/reconciliation](http://www.bricksrus.com/donorsite/reconciliation). Orders are due by Monday, October 7th.

## WOMEN'S HOME GRAND OPENING!

Join us November 19th from 12p-1p to celebrate the grand opening of the women's home! You will get a chance to tour the newly renovated women's home and hear how God is already transforming the lives of the women living in the home. Light refreshments will be served.

Zack G. was honored as an official graduate of the RM program. Not only did he complete all 5 Contracts, but he also served as a staff intern and completed 6 months of the Re-entry Track. He looks forward to seeing how God will continue to direct his life.

This has been an exciting year for the women's program as well. RM officially opened its doors to women in September 2018. Lakin D. was one of the first ladies to show up. While she had a dream of attaining her GED diploma for a long time, it wasn't until she became part of the RM program that she was able to see this goal fulfilled. She has experienced God's

healing in her life and looks forward to serving Him in whatever capacity He has for her.

Thank you to all who have supported RM throughout this past year. These celebrations would not have happened without you. Your financial contributions and prayerful support have enabled this ministry to move forward in its vision of seeing the lost reconciled--to God, to themselves, and to others in their lives.

Left to right: Bryan Eargle (B&B Electrical), David Barry (Celtic Works), and Pat Stier (Stier Supply)
